WHAT BELONGS TO HER

Restoration-Political Atmosphere Clears.

What France also wishes is a durable peace, but we do not wish military dispositions to endure which can destroy this durable peace when it is once made. If the German people comprehended this it would make peace easier to attain. That is the view of Russia at the moment when the United States is making preparations to enter the war. Now let Russia make her offensive, and we will be able to talk of peace, not in an equivocal manner, but openly, and this peace, if they do not ask it of us, we will impose."

Restitution Is Asked.

"As to the conditions of that peace, the Russian minister of foreign affairs has himself exposed the sophism whereby Germany's formula of no annexation is made the pretext for Germany's holding the provinces she tare from France. She annexed these provinces, always French until yesterday. There stands Germany, the culprif, guilty of annexation. We ask simply for restitution of what belongs to us and not for annexation."

Central Committee Plans to Aid in Financing Garden Movement.

With Mrs. Gfies Scott Rafter as chairman of the finance committee, the central garden committee will launch a campaign to raise \$1,500 to carry on its work. This amount will be in addition to the contribution of a like amount pledged by the Capital Garden Club, the organization which so far has entirely financed the garden movement in Washington. in Washington.

This action was taken at a meeting of representatives of citizens' associations last evening at the central committee's headquarters, room 304 Starbuilding. Efforts will be made to raise funds through the citizens' associations. Reports from citizens' association delegates indicated that the movemen delegates indicated that the movement is spreading to various parts of the city. H. M. Conolly, expert from the Department of Agriculture, reported that 2,600 gardens are under cultivation.

SCHOOLS PLAYING BIG PART IN GARDEN WORK

Premier Ribot Enunciates Policy of Pupils Start New Plots Under Guidance of Teachers Adults Attend Lectures.

Public schools are playing an important part in the home garden campaign. Under the direction of Miss Susan B. Sipe and a group of teachers assigned to aid her, demonstration lessons are being given en assured public opinion. The immediate effect of his speech has been a demonstration of confidence in the government by the country, such as has been lacking for some time past.

The premier's statement that the public had a right to know and should know everything that could safely be communicated has given widespread satisfaction. His lucid exposition of the foreign situation and of France's peace aims has also been warmly welcomed.

Parliament was reopened yesterday and the expected interpellations regarding the conduct of the war were presented in the chamber. Addressing the deputies in regard to the interpellations, Premier Ribot said:

'I recognize that the representatives of the people desire some explanations. These may be given publicly. The public, like yourselves, has the right to be informed. Secret sessions may well be reserved for other subjects.

PHILADELPHIA, Pa., May 23.—The Philadelphia Press publishes a story to the effect that "America has found the perfect answer to the German submarine terror." It is said to be a merchant submarine standardized at about 7,500 or 8,000 tons dead weight of such speed that it can, even when submerged, easily clude any surface pursuer and non-sinkable.

The craft, the invention of Simon ed, easily clude any surface pursuer and non-sinkable.

The craft, the invention of Simon Lake, according to the Press, is capable of submerging within haif a minute and has been so standardized and simplified that the first one may be turned out in four months and others after that at the rate of three or four a week. It will hurn heavy oil and the construction is said to be such that its parts can be made simultaneously in many widely scattered steel plants and assembled in a central plant within a few days.

The vessels are to be built and operated, the story says, by the Merchant Submarine Company, under government supervision. The company is capitalized at \$10,000,000 and was chartered under the laws of Maine on May

The game in the Capital City circuit was one of the best played this season, and better work was done generally than in any of the previous contests in that organization. The fine game was the result of the splendid mound duel between Hottell and Francis. The former let the losers down without a hit and struck out fourteen men. Takoma was able to get only four safeties off the delivery of Francis, and nine of its players went down by the strike-out route. King did some excellent back-stopping for Hottell, and Francis' fielding of his position was brilliant.

Car Department was never able to connect consistently with Newton's delivery, and its four hits did not come close enough together to produce even one run. General Office scored two in the third, four in the fourth and two in the sixth. The counting in the game in the Capital City League was done in two innings, Franklins making their one run in the third and Takoma coming right back in the fourth with two. one run in the third and Takoma coming right back in the fourth with two.
Hutchinson, Tyser and Hawkshaw of

The Tindeco team, one of the clubs in the Semi-Professional League, is to be the opponent of the railroaders. The contests are expected to develop some good play on the part of both nines, as all the clubs in the circuit are stronger than the average amateur organization.

While the lists for the Maryland State College meet next week are intact, it has been decided that new entries from schools already represented will be accepted. It was stated yesterday that all changes in the entries and all new entries would have to be in the hands of the management of the meet by Saturday.

The Battimore City College brought the matter up by asking to send over more men and it was told that it could do so without trouble. The names of new entrants probably will not appear in the programs, but their entries will be in the hands of the clerk of the course on the official list.

"Untz" Brewer, stan athlete during College, has enlisted in an ambulance corps and will leave tomorrow for Allentown. Pa., to go into training. It is expected that the corps will leave this country for France about July 1.

country for France about July 1.

There is little doubt that the conscription of men this summer for the army will take away from the colleges a lot of athletic material. The majority of star performers in the various colleges and universities are between the ages of twenty-one and twenty-five, and the government boards are not likely to let go amiss opportunities to get such splendid material for its companies. There is no reason why such men should be exempt, as their worth to college teams is nothing in comparison to their value to the government.

Mrs. Ormsby McCammon, winner of the Mann cup last year, yesterday won the feature match in the first round of the seventh annual woman's spring tournament given by the Chevy Chase Club, defeating Miss Louise Lacey, 4 and 3. The players battled on even terms to the ninth hole, where Mrs. McCammon ran down an eight-foot putt for a 4, 50 win the hole and turn 1 up. She won the eleventh, halved the twelfth in 6, won the next two holes and halved the fifteenth to capture the match, 4 and 3.

Miss Pauline Lockett defeated the winner of the qualification round, Mrs. C. R. Stetson, 6 and 4. Miss Lockett had the match well in hand at all times, and was never down. Mrs. L. O. Cameron was 4 up at the turn on Mrs. C. B. Howry, but the latter carried the match to the seventeenth hole. Mrs. C. L. Register in a Body.

CHICAGO, May 23.—Members of the chicago American League club who are subject to conscription under the army bill passed by Congress last week went to the city clerk's office in a body today for the purpose of registering.

Although a majority of the players are not residents of Chicago, they decided to register here under the absence clause of the army bill, as the American League schedule will send them on the road June 5, the day designated for registration by President Wilson. Girls' and Men's Teams.
